

## Artisan Partners To Provide Construction Management for New Construction of Farmers Fishers Bakers Restaurant in Georgetown

May 8, 2012

Artisan Partners Construction Services announced that it will provide construction management services for the total renovation and reconstruction of the Farmers Fishers Bakers restaurant at Washington Harbour in Georgetown. The restaurant has been closed since last year due to seasonal flooding along the Potomac River.

The \$2.5-million-project involves the total renovation of the 10,000-square-foot space. Artisan is providing construction management services for VSAG, owners of the restaurant.

Artisan will be responsible for the coordination of the construction drawings, permitting, contract bidding, and oversight of work through completion. Construction permit applications have been submitted and Artisan has solicited bids from general contractors.

“We are pleased to have received this contract and do our part to reopen this wonderful and very much appreciated and missed dining establishment,” said Geoff Azaroff, Artisan Partners Principal.

### **About Artisan Partners:**

Founded in 2008, Artisan Partners ([www.artisanpartners.us](http://www.artisanpartners.us)) provides construction management and owner representation services to a number of varied clients; including business owners, corporations, country clubs, developers, hotels, schools, religious institutions, and trade associations. From start to finish, Artisan Partners oversees projects through all phases of development, design, and construction.
