

Artisan Partners Recieves Contracts To Upgrade Mechanical Systems At Two Rockville Office Buildings

8/20/14

Artisan Partners Construction Services, building owner's representatives and construction managers, announced that it has received contracts for upgrades and replacements to the mechanical systems at two Rockville office buildings. The buildings are located at 12276 and 12280 Wilkens Ave.

Artisan will oversee the upgrades of these buildings' mechanical systems by replacing existing roof-top units with new energy-efficient units.

The work is being performed on behalf of the buildings' owner, Serendipity, LP. As owner's representatives/construction managers, Artisan will oversee bidding and management of work through completion.

"We are pleased to be onboard for this mechanical system upgrade project," said **Geoff Azaroff**, Artisan Partners principal. "Building tenants will benefit from the most modern cooling and heating available today."

About Artisan Partners:

Founded in 2008, Artisan Partners (www.artisanpartners.us) provides construction management and owner representation services to a number of varied clients; including business owners, corporations, country clubs, developers, hotels, schools, religious institutions, and trade associations. From start to finish, Artisan Partners oversees projects through all phases of development, design, and construction.
